## DETAILED ACTION

### *Examiner's Amendment*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ryan Cagle on Friday, July 25<sup>th</sup>, 2003.

The application has been amended as follows:

#### IN THE CLAIMS:

Cancel claims 45 and 57.

### *Allowable Subject Matter*

2. Claims 31-44, 46-56, and 58 are allowed.
3. The following is an examiner's statement of reasons for allowance: The closest prior art of record suggests a method wherein sugar is mixed with a non-amino base; subjected to heat treatment up to about 130 degrees C; and further applied to a tobacco material from which a smoking article is prepared. The art also suggests a similar method wherein unrefined fruit and fruit juice is mixed with a non-amino base; and subjected to heat treatment of at least about 150 degrees C. However, Examiner is convinced by Applicant's arguments that said art neither teaches nor reasonably suggests such a method wherein pure reducing sugar, high fructose corn syrup or a phosphate-substituted reducing sugar is mixed with a non-amino base; subjected to heat for a time and under

conditions sufficient to produce a flavorful composition, wherein the heat treatment is conducted at a temperature of *at least about 150 degrees C.*; and then added to a tobacco material from which a smoking article is produced.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
